# Course Entry Point on BB 9.1

The default course entry point is the Home Page. In some courses, it may be advantageous to change the entry point to another area. This can be done on the Set Course Entry Point page. Follow the steps below to change the Course Entry Point.
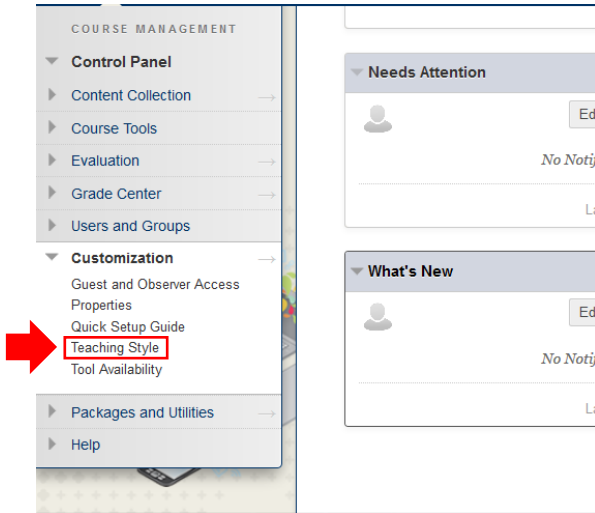

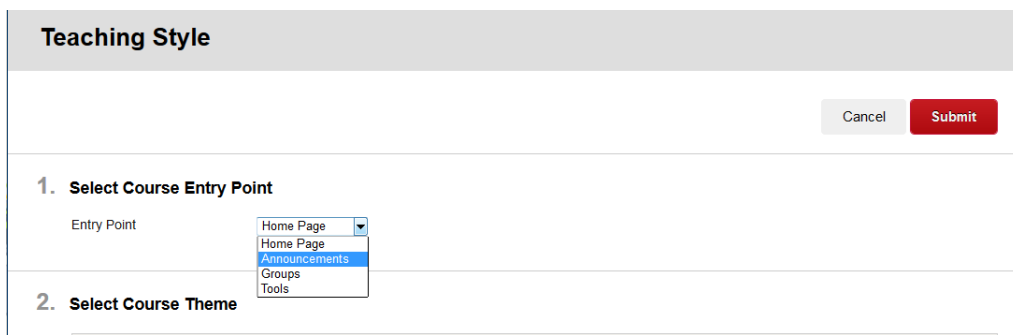

Step 1. Click on your Course

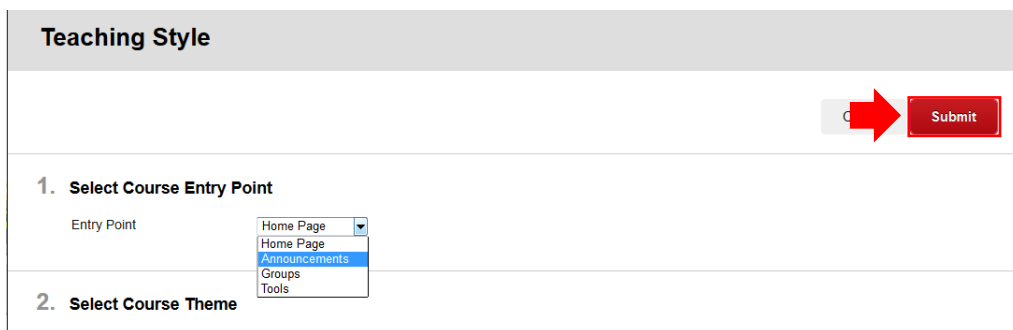

Step 2. In the control panel click **Customization**
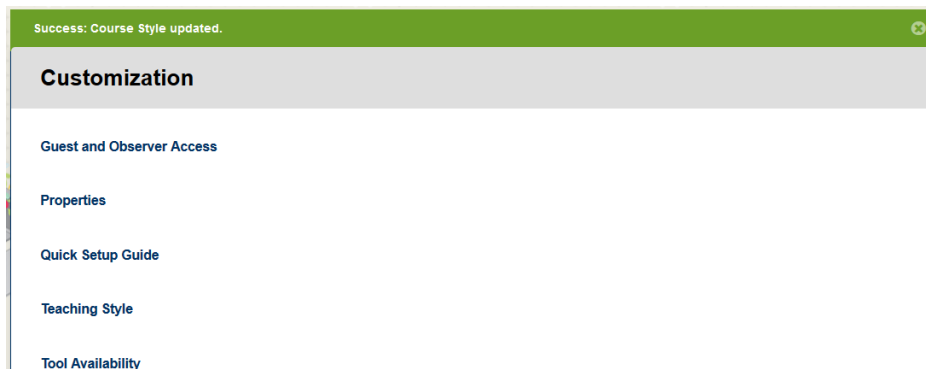

Step 3. Click **Teaching Style**

Step 4. Under Select Entry Point select the first page you want students to see.

Step 5. Click Submit (either on the right or bottom of the page).

Step 6. Your course style will be updated as shown below.
