

Matthew S. Joffe is the Director of Outreach and Education in the Wellness Center. He is also the college 504/ADA Compliance Officer. He started working at the college in August 1994. His primary role is to provide education and training workshops for faculty, staff and students. His focus is to also develop in-service trainings that will increase awareness of the referral process to the Wellness Center as well as present on topics that are pertinent to the College community.
