

DARE TO DO MORE

Dear Student

State Law requires that college students born on or before January 1, 1957 must present proof of immunity against Measles, Mumps and Rubella. Failure to comply with this requirement will block your registration and/or make you ineligible to attend class and may affect financial aid. **Immunization forms must be returned no later than two weeks before your scheduled registration date.**

MEASLES

Two doses of live measles vaccine administered on or after January 1, 1968 and 12 months of age, second dose to be administered at least 28 days after the first dose, or physician documentation of measles disease, or blood test showing immunity to disease.

MUMPS

One dose of live mumps vaccine administered after 12 months of age and on or after January 1, 1969, or physician documentation of mumps disease, or blood test showing immunity to disease.

RUBELLA

One dose of live rubella vaccine administered after 12 months of age on or after January 1, 1969, or a blood test showing immunity to disease. **Note:** a history of having had rubella is not acceptable proof of immunity.

Please have your doctor/clinic fill out all applicable sections below and return to the Health Services Center (MB40 or C235) before registration

What every student needs to know about Immunization

New York State Public Health Law (section 2165) requires all students born on or after January 1, 1957 to present proof of immunity against measles, mumps, and rubella (MMR)

Registration is block until immunization proof is submitted

Acceptable proof of immunization must include two doses of measles vaccine and one dose of mumps and rubella vaccine. All students, both degree and non-degree, who register for six or more tuition units must comply with this law. Students who are not in compliance with all immunization requirements will be excluded from classes and given an administrative withdrawal grade for all classes.

In addition, NYS Public Health law (section 2167) states that's all colleges are required to distribute information about meningococcal meningitis and vaccine information to all students enrolled regardless of age, the law also requires the Health Services Center to maintain a record of students response form signed by the student or a record of the immunization within the past 10 years.

Acceptable Documentation

- Original Immunization Card
- Doctor's original note with dates of doses
- Blood Titer Lab Report
- Official Veteran Medical Record
- High School and Secondary Immunization Record

Exemptions

- All students born before January 1, 1957
- Proof of age required-copy of birth certificate or driver's license
- Documentation of medical contraindications by a physician
- Documentation of sincere religious belief which prohibits immunization

There are no exemptions from the meningitis requirement
