

LaGuardia Community College

2016 Student Senator Elections – Candidate Profile

Abir Arnab Dip

How did you become interested in running for College Senate?

Part of the reason I am running is to become more actively involved with my college life and develop my social and leadership skills. As an International student, it is a great opportunity to get involve on campus. Also, I would like to get new knowledge about how it works for the benefit of students.

What are some basic principles that would guide your leadership as a member of the College Senate?

I have been working as volunteer in different events since I enrolled in LaGuardia community college. Also, I am an executive member of Bangladesh Student Association (BSA). I have joined many campus events, such as the Asian Heritage, the Students Club Fair and the Student Giving Day. All these kinds of experiences have helped me grow as a student leader.

Why should a student vote for you to represent them?

Students should vote for me because I would like to make a difference in our student lives. As a student and there's many of us, I won't be able to do much. But being in committee like the senate I will be able to help students make their college life a little smoother. I am an international student and I know how hard it can get time to time, by being in the senate, me and fellow senate members can come up with different ways international students can get help academically and financially. Your vote counts, your vote
