

LaGuardia Community College

2016 Student Senator Elections – Candidate Profile

Md.Rakibur Bhuiyan

How did you become interested in running for College Senate?

I want to be a college senate because I will become part of a group of active students that network with the college stuffs. I want to discuss about students need to the authority. It also undertake professional development and enhance my skills, especially in terms of communication, working with others, being a committee member and influencing the decision making process

What are some basic principles that would guide your leadership as a member of the College Senate?

First of all, I want to work as a team member. I believe I have the capability to leading from the front as a student senate. I am very sincere about my duties. I am very optimistic person so I know whats going on students mind. So I can be a representative of students by bringing any issues/suggestions/feedback to the authority at meetings.

Why should a student vote for you to represent them?

First of all, I am also a student. I want to help other student as a friend. When i got admit in LaGuardia Community College I was always looking for this kind of position. I think this is best platform to help other student. As I work as a lab associate in this college. I have to deal with many students. I know their problems, demands from the authority. I can be a representative or voice of the students. I think that's why student's can consider me their representative and give me their valuable vote to serve them.
