2016 Student Senator Elections – Candidate Profile

Hreedoy Khandakar

How did you become interested in running for College Senate?

When I was in my back home college I used to participate social and student activities and I also involved in filmmaking and film society activities. Through working with the people I was able to learn a lot of things that's why I want to run the college senate where I can apply my knowledge an experiences.

What are some basic principles that would guide your leadership as a member of the College Senate?

I always have a vision to work with the people. I like to work with honesty. I always try to focus with deep concentration in work so that success can come easily. I am confident and positive with anything.

Why should a student vote for you to represent them?

I believe there are some problems for students in participating extra curricular activities. Some student wants to join but they can't reach any senator who can guide or assist them, so I will open a student activities guide service where student can get help and they can participate any kind of activities. I will provide my contacts and social web address; so that students can reach me with their problems.
