Community College

Math Society at LaGuardia
Community College invites
you for the following talk:

Tuesday, March 24

3:00– 4:15pm, E216

Newton's Method and Newton Basin

Dr. Tao Chen

ABSTRACT

In this talk, I will introduce Newton Method to find solutions of polynomials, and also Newton Basin to locate different solutions of polynomials. I will also explore the Newton Basin by computer software--Ultrafractal, and propose some questions for students to investigate.
