

DEGREE PLANNING TIPS

YOUR MAJOR

Choose the major that's right for you. Utilize the LaGuardia website to learn more about academic majors, and seek help from an advisor if you need support.

Visit laguardia.edu/majors

WHAT IF?

Thinking about switching to a different major?

Degree Works allows you to see what classes would transfer over to a new major if you were to switch. Log into Degree Works and click on "What If."

DEGREE MAPS & DEGREE WORKS

A Degree Map shows a possible path of what courses to take to get to graduation based on your major. Check Degree Works to see a checklist of your progress towards graduation. Use these tools together to plan.

Visit laguardia.edu/degreemaps

EARN CREDITS

Most courses are 3 credits and meet for 3 hours a week. You also need to set aside time for homework. Think ahead about how many courses you can take each semester. Take courses in Sessions I and II to streamline your credit accumulation.

Use the Degree Calculator in the LaGuardia mobile app to help plan.

MY DEGREE PLAN

Every student should create a plan of courses to take to get to graduation. Use My Degree Plan in ePortfolio to enter in your personalized, semester-by-semester plan to get to graduation.

CHECK WITH AN ADVISOR

Once you have completed My Degree Plan, meet with an advisor every semester to check your progress, update your plan if needed, and get support to be successful. Log into My LaGuardia to send a message to an advisor or to schedule an appointment.

For more advising information, visit: LAGUARDIA.EDU/ADVISING
