

# Remotely Access Your Course Software Anytime! Anywhere!

SPSS  
Ver. 22

SAS  
Ver. 9.4

Mathematica  
Ver. 10.2

Maplesoft  
Ver. 2015

Great News! Access software without the restrictions of the hours and availability of your campus labs. The CUNY Virtual Desktop provides students and faculty access to applications for their classes or research anytime, from anywhere. Applications currently available include SPSS, SAS, Mathematica and Maplesoft.

Note: To maximize the availability of the CUNY Virtual Desktop, your session is limited to 8 hours. Inactivity for 20 minutes or more will end your CUNY Virtual Session, and any unsaved data will be lost.

Access via CUNYfirst ID and password is required.
