CUNY Travel Advisory

To: Accounts Payable Directors

From: Gina Aviles
                University Director for Accounts Payable
                and Travel & Expense

Date: November 24, 2021

Re: Update: CUNY Travel Restrictions

This advisory will serve to communicate current updates to the travel guidelines as it relates to COVID-19 travel restrictions.

The links below will provide you with an in depth guidance and are updated frequently:

Below are some important highlights to note from the above referenced links:

- A waiver petition is no longer required for contiguous state travel (CT, MA, PA, NJ, and VT), travel to CDC's states with "low" or "moderate" levels of transmission or travel to countries listed by the Department of State as level 1 or 2. However, an "Intent to Travel" (pre-screening) is required for the above mentioned states, countries and contiguous states.
- Petitions where petitioners have full vaccination verified in a CUNY system (CUNYFirst or RF Portal) will be fully reviewed at the campus.
    - Consult with your campus' Location Vaccine Authority liaisons for any vaccination inquiries.
- Petitions where one or more petitioner(s) do not have full vaccination verified in a CUNY system, if supported by the Provost, must be forwarded to Central Office for review.
    - Consult with your campus' Location Vaccine Authority liaisons for any vaccination inquiries.

Ensure to widely distribute this information with your campus community.
