

LaGuardia Campus Corps Chapter  
31-10 Thomson Ave  
Queens, NY 11101

January 10, 2022

Dear LaGuardia Community College Campus Corps,

Welcome to Climate Reality and the Campus Corps program! We are so excited for you to be joining our network of campuses and universities who are inspiring bold climate action in their communities. As the newest campus chapter, we aim to connect you all with Climate Reality's campus network of engaged activists just like you, and provide resources and training to build advocacy, activism, and leadership skills that will serve you long into the future.

Climate Reality's Campus Corps is a specific branch of our chapters network that centers student and youth leaders who are ready to turn their concern about the climate crisis into meaningful action. With direct support from staff at Climate Reality, Campus Corps students across the United States are already demanding urgent university-based actions to make their campuses more sustainable. Chapters do this by holding events, organizing actions, and building creative campaigns to raise awareness about the climate crisis.

Campus Corps has a total of around 20 chapters spanning over 15 states:  
Northeast Region -- **New York**, New Jersey, Delaware, Washington D.C.

- Cornell University
- American University
- Rutgers University
- University of Delaware
- **LaGuardia Community College**

Southeast Region -- North Carolina, Virginia, Georgia, Mississippi, Florida

- North Carolina Central University
- NC State University
- Mississippi State University
- Emory University
- Florida Institute of Technology
- University of Miami

Midwest Region -- Michigan, Illinois, Iowa, Nebraska

555 11<sup>th</sup> Street, NW, Suite 601  
Washington, DC 20004

202-567-6800

[www.climaterealityproject.org](http://www.climaterealityproject.org)

- University of Michigan
- Michigan State University
- Wayne State
- Michigan Technological University
