Judith Koonce

Investing in her future

Judith Koonce was working as a temporary secretary when she got a tip from a deputy facilities director that the Refrigeration Machine Operator License was a “meal ticket” to a promising career path. She took the advice and began researching programs, leading her to LaGuardia.

Enrolling in the Refrigeration Machine Operator License Preparation Program, Judith set her sights high, aspiring to become a leader in a field dominated by men. Finishing the course in July 2011 and passing the license exam in October of that same year, she was hired by Temco Services, a growing company in the facility management industry, to become a building manager. She currently works in a public school in the Bronx and oversees all building maintenance and housekeeping responsibilities and staff.

“I had no mechanical experience and was scared to take the course...Because of the license, I was able to quit my part time job and my salary doubled.”

Byron Rivas

Moving forward

When Byron Rivas started at LaGuardia in the high school equivalency program, he didn’t know that he would eventually graduate with a college degree. Earning his high school equivalency diploma in 2005, he returned to the Division of Adult and Continuing Education, completing the Computer Service Technician Certificate Program, and is now about to graduate from LaGuardia with an Associates Degree in Programming and Systems.

Currently the manager in a repair shop, where he fixes computers and cell phones, Byron hopes to obtain a Bachelors Degree and perhaps even a Masters Degree in Computer Science. “One of the main things I learned at LaGuardia is that if we set a goal, such as finishing school, we can do it. In my professional life, it has given me the boost I needed to achieve greater things.”
Evelyn Maldonado

Reinventing herself

Evelyn Maldonado had recently retired and wanted a change of pace. But she wasn’t looking to slow down. Instead, she decided to begin a new career. “I wanted to do something completely different from what I had been doing for many years,” says the former executive assistant. She chose the field of medical interpreting and enrolled in LaGuardia’s Spanish/English Healthcare Interpreting, Level I course. “I would like to further enhance my verbal skills, especially in my native language, and to help others along in their journey of life.”

Having completed the class, Evelyn has applied to two medical facilities, and in the meantime she is volunteering as a healthcare interpreter. “Taking this course proved to be a positive experience. I was equipped to explore a field I never anticipated going into,” she says.

Adding that it is has been very stimulating to learn something new and meet people from different walks of life, she adds, “You are never too old to embark on a new career.”

Career and Professional Programs

Career and Professional Programs provide preparation for certificates and licenses through a wide range of programs and courses on computer skills, networking and repair; software applications and web design; accounting, bookkeeping and tax preparation; construction and building management; and healthcare. We also offer a variety of courses taught exclusively in Spanish. Programs range from one month to one year in duration.

Dear Students,
Welcome to Adult and Continuing Education (ACE) at LaGuardia Community College.

Our programs can take you where you want to go in life: earn a high school equivalency diploma, prepare and excel in college, train for a promising career, and find meaningful and sustainable employment.

LaGuardia students challenge expectations, studying to make a better life for themselves and their families. They push boundaries—working around job schedules and family responsibilities, adapting to a new language and environment—to reach their educational and professional goals. And they dare to do more than what is expected of them by society and even themselves.

ACE nurtures that drive, that spirit, that commitment by providing high-quality education programs that meet all your needs. It’s a place where you can gain an education, advance your career and see your potential opening up before you.

Join LaGuardia on a journey to lifelong learning. I look forward to seeing you on our campus.

Sincerely,

Dr. Gail O. Mellow
President

People in our community are improving their lives and future prospects every day with assistance from LaGuardia’s Division of Adult and Continuing Education (ACE). You’ll find training and education programs on days and at times to fit your needs.

This winter take advantage of our many new courses that can help you get a great job or advance in your career:

- Mammo gram Certification Preparation
- PV Plus, a training program that prepares you for a career in the growing solar photovoltaic (PV) industry
- New courses within our Medical Administrative Assistant Certificate Program, Computer Service Technician training, and Professional Office Skills and QuickBooks programs

ACE also offers professional certificate programs and courses in various areas, including healthcare, ASL-English interpretation, bookkeeping and accounting, computer training, construction/building management, and more. (Find out about free training programs on page 32.) Small business owners, we provide business education as well as business counseling and government contract procurement assistance to help your company grow. In addition, we provide studio space rental and support services for design and technology companies (see page 38).

Returning students, veterans and Deaf students, we will help you achieve your educational goals through our high school equivalency or college prep classes and workshops. (Find out about free high school equivalency programs on page 48.) Non-native English speakers, choose from our numerous specialized ESL programs. And for our Spanish-speaking community, take computer, childcare certification preparation or cosmetology classes taught entirely in Spanish.

Look through our catalog to learn about exciting opportunities for you to grow in your profession and education. We hope you join us!

Jane E. Schulman
Vice President
Division of Adult and Continuing Education

The mission of LaGuardia’s Division of Adult and Continuing Education is to serve as a force for social and economic advancement in the community and city. We are committed to responding to the educational, business, workforce and career-related needs of the many diverse communities of the New York City metropolitan area by offering the highest quality programs and services.

Statistics on certificate programs from a recent study show:
• Certificate programs are affordable, usually take less than a year to complete and often yield high returns.
• Certificates are a stepping stone to college degrees. Twenty percent of certificate holders go on to get two-year degrees, and an additional 13% ultimately get a bachelor’s degree.
• On average, workers with certificates earn 20% more than workers with only high school diplomas.
• Certificates provide higher economic payoff for those with less educational preparation.

Refrigeration Machine Operator License Preparation

In conjunction with the National Association of Power Engineers (NAPE), Chapter 44, we offer the Licensed Refrigeration Machine Operator program for members of NAPE. Passing this course prepares you for the written and practical exam for the license issued by the New York City Fire Department. All participants must be members of NAPE. If you are not, you may join when you register. In addition to tuition, annual dues for members taking the Licensed Refrigeration Machine Operator course are $144, with an initiation fee of $56. Certificates are awarded upon successful completion of the course.

For more information call (718) 482-7244.

This 200-hour course is approved by the NYC Fire Department as a requirement for licensing for refrigeration machine operators, meeting the requirements of both class training and shop work. The course will cover maintenance and repair of compression and absorption refrigeration systems, and the safety precautions that should be observed in operating, maintaining and repairing refrigeration machinery. You will visit modern refrigeration facilities that manufacture and maintain equipment. This class includes training for EPA certification as a “Universal Technician.”

Instructor: Anthony Porta, certified New York City refrigeration engineer and EPA technician, has 23 years of experience in the field and has taught in LaGuardia’s Career and Professional Programs since 2008.

Coming Fall 2015

NEW! Green Energy

PV Plus is an integrated technical training program that prepares individuals with a sales, electrical or construction background for a career in the growing solar photovoltaic (PV) industry.

The program comprises three consecutive courses. The first two introductory courses provide a solid foundation in PV installation and design fundamentals to prepare you for a career in the PV industry. For the third course, you may choose one of two specialty tracks -- PV Installation or PV Communications -- that equip you with the knowledge and technical skills necessary to pursue more advanced positions in PV installation or sales.

Tuition: $900 (covers all three courses). Regular price: $1800 (50% tuition assistance from New York State Energy Research and Development Authority). No other discounts apply.

For more information, please visit http://www.nydesigns.org/pv-plus or call (718) 663-8403.

NEW! Math and Electricity for Photovoltaics

Gain an understanding of the basic mathematical, electrical and construction skills needed to work in the PV industry. Explore concepts in electrical theory and physical characteristics, such as Ohm’s Law and Watt’s Law. Additionally, you will become acquainted with tools and practices of the PV trade, including the proper use of hand tools, schematic drawings and the National Electric Code. ND

Jan 2 - Mar 31 (36 hours)
A14CRD003A

NEW! PV Fundamentals

Get an overview of photovoltaic design and installation of both grid-tied and off-grid systems. You will become familiar with the various tools and practices utilized in installation, including inverters, wiring of crystal panels, and thin-film sheets. You’ll also review system costs, state and federal incentives, and employment opportunities in the PV industry. ND

Jan 2 - Mar 31 (40 hours)
A14CRD004A

NEW! PV Installation

Study the basics of hands-on installation of a photovoltaic array. Instructors will guide you through state codes and introduce you to the National Electric Code. You will learn about the process of installation after the completion of a sale through instruction in building specifications, preparing an installation plan and the local permitting process. The class will also provide an introduction to worksite safety. ND

Jan 2 - Mar 31 (20 hours)
A14CRD005A

NEW! PV Communications

Learn how to move a photovoltaic project from early sales research to analyzing the performance of a newly installed project. You will focus on a combination of sales, corporate marketing and communications practices used by experts in the field, both locally and nationally. In addition, an extensive review of New York City bid, permit and consumer-contracting documents will be examined. ND

LaGuardia offers an array of opportunities for those seeking a career in healthcare. Become an EMT, Paramedic, Spanish/English Healthcare Interpreter, Certified Clinical Medical Assistant, Pharmacy Technician or Dietary Manager. Find out about these courses and more. ND

Certified Clinical Medical Assistant (CCMA)

The CCMA is an important member of the medical team who assists the physician with procedures such as taking vital signs, preparing patients for medical procedures, and performing phlebotomy (blood drawing) and electrocardiography (EKG). In order to take the national certification exam for Clinical Medical Assistant, you must successfully pass all five courses in this program. You may take the courses in any order, or you may take them individually.

For those who have evidence of previous training, you may take competency exams for Medical Terminology, EKG Technician or Phlebotomy courses to receive exemption from that part of the CCMA Program. A grade of 80% or greater is required to be exempt, and Phlebotomy also requires a practical skills competency exam in blood drawing. There is a fee of $99 per competency exam. Evidence of current American Heart Association certification in Basic Cardiac Life Support and First Aid will exempt you from the AHA CPR for Healthcare Providers with First Aid course.

For more information call (718) 482-5768.

Medical Terminology

Develop a basic “working” knowledge of the language of healthcare to serve as a basis for your individual career growth by using an applied approach. Learn basic medical terms and how they are used in documenting and reporting patient care procedures.

American Heart Association CPR for Healthcare Providers with First Aid

Learn how to save a life using CPR, airway adjuncts and defibrillators and how to rescue victims of a choking emergency. Respond with proper first aid techniques for medical and trauma emergencies. Skills and knowledge will be tested according to American Heart Association (AHA) criteria for Basic Cardiac Life Support (BLS) certification. You will receive two AHA textbooks as well as two AHA certifications: BLS for Healthcare Providers and Heartsaver First Aid, CPR and AED.

Mon, Tues & Thurs Mar 23 - Mar 26 (3 sessions/12 hours)
10:00 am - 2:30 pm $160 A11CPR001B

EKG Technician

Become a certified EKG technician. Explore the anatomy and physiology of the heart, modern EKG techniques, basic EKG interpretation, and new techniques in cardiac monitoring. Discover the relationship between EKG interpretation, disease states, and commonly used medications. You will learn how to prep patients; take vital signs; set up an EKG machine; and perform electrocardiograms. Successful completion allows you to take the national EKG technician certification exam.

Milan Topalov,
Pharmacy Technician Instructor
The right dose of knowledge and a personal touch

After graduating cum laude from St. John’s University with a BS Degree in Chemistry, Milan Topalov worked briefly for a private beverage company as a flavor chemist/supplier compliance technician. But the position didn’t allow for much personal interaction, and Topalov wanted to make a difference in people’s lives. He decided to go into the field of pharmacy, where he could combine his love of science with his desire to help others. He returned to St. John’s University to pursue a degree in Pharmacy and obtain his license to practice as a pharmacist in New York. Working in various retail pharmacies for some time, he eventually found his niche in hospital pharmacy.

Currently employed at NewYork-Presbyterian/Columbia University Medical Center in Manhattan, where his role as pharmacist includes providing discharge counseling to congestive heart failure patients, he says, “Many patients have expressed to me that I made a caring difference to them when I took the time to discuss their medication with them.”

Mr. Topalov notes that giving students the opportunity to improve their career aspects by entering the rewarding field of healthcare means a lot to him.

“LaGuardia provides an ideal setting to teach the pharmacy technician course. It’s large enough to give a first class educational experience and small enough that I can give students a little more of a personal touch and assistance.”

What our students are saying!

I learned everything I expected to and more. The teaching method provided an easy way to remember information.

What they had to say about the course...

Alba Costa
Country of origin: Brazil
Future goal: To find work as an RN and then earn a Bachelors Degree in Nursing

“I did more than pass the exam. The course helped me become used to thinking as an RN in the US.”

Magdala Lataillac
Country of origin: Haiti
Future goal: To earn an Associates Degree in Nursing, then continue on to earn a Bachelors and Masters Degree in Nursing

“At the Welcome Back Center everybody is special, and no one is considered better than others. Students with low grades were encouraged to give more of themselves by studying harder. Students with good grades were encouraged to keep up the good work.”

Rosenie Leveille Malette
Country of origin: Haiti
Future goal: To earn a Bachelors Degree in Nursing; wants to work as a midwife

“The program gave me the knowledge, and the teachers put it at my level in order to help me learn English and to help me understand the coursework. There was a lot of support, including a social worker, useful nursing textbooks, online resources, weekly tutoring sessions, a computer class, and simulation NCLEX questions every Thursday to help me practice and develop efficient study and test taking strategies.”

Dolma Lhakpa
Country of origin: Tibet
Future goal: To earn a Bachelors Degree in Nursing

“This program helped to make me confident and successful in my career as a nurse in the US.”

Bella Nahui
Country of origin: Peru
Future goal: To earn a Masters Degree in Nursing

“Even after passing the exam, the Welcome Back Center is still supporting us.”

HuiFang Sun
Country of origin: Taiwan
Future goal: To earn a Bachelors Degree in Nursing

“This course includes all of the skills that are important for an RN in US.”
New York City is home to people who come from all over the world, and the demand for internationally trained healthcare professionals who are culturally and linguistically diverse and competent is high.

The New York City Welcome Back Center will guide you through the New York State licensing process so that you can work in your healthcare profession again. The center can also help you explore alternative careers in healthcare to pursue while you are on the path towards licensure, making referrals to appropriate English language, licensing test preparation, professional advisement, and job placement services.

The New York City Welcome Back Center offers licensure guidance for the following professions:
- Physicians
- Nurses
- Psychologists
- Social Workers

ASL-English Interpretation Program

The Pre-Interpreting Program is for individuals who are preparing to enter the ASL-English Interpretation Program. You must be a serious ASL student who interacts regularly in the Deaf community and has studied ASL for at least 2 years. This mini-program includes: Advanced ASL I, Advanced ASL II, and Sociology of American Deaf Communities.

Advanced American Sign Language I

In Advanced ASL, you will dig deep into the realm of ASL. Advanced ASL is an intensive hands-on course that will foster your development in ASL skills. You will use the multimedia lab to reinforce your process of expressing ASL in various registers, such as narration, formal presentation and casual conversation. The course also covers basic ASL linguistics, cultural rules, and the Deaf community and its history.

LaGuardia PTAC Lays Groundwork for Multi-Million Dollar Security Contract Expected in 2017

As part of its commitment to educating the business community on current and future government contracting opportunities, LaGuardia Community College’s Procurement Technical Assistance Center (PTAC) held a conference this summer to help New York State security companies prepare to apply for a multi-million dollar security contract that will be issued in 2017 by the New York State Office of General Services (OGS).

The conference, which took place at the headquarters of event co-sponsor Arrow Security in Smithtown, New York, explored this exciting opportunity through discussions on the importance of insurance and cyber security, Minority/Women Business Enterprise (MWBE) certification, available resources, and teaming arrangements.

Speakers included A.J. Caro, President of Arrow Security; a representative from Empire State Development; George Gavaris, President of Central Insurance Agency; David Elcock, Chief Business Development Officer of Lynx Technology Partners, Inc.; and Edgard Hernandez, PTAC Director.

Over 20 pre-screened security companies were in attendance and were encouraged to network with each other in order to better handle larger contracts.

If you are a business owner who would like more information on how to work with the government, please contact LaGuardia PTAC at (718) 482-5306 or ptac@lagcc.cuny.edu.
LaGuardia Community College's Procurement Technical Assistance Center (PTAC) is committed to helping the Veteran business community access government contracting opportunities. To this end, LaGuardia PTAC hosted a learning and networking event this summer that brought to the table the General Services Administration (GSA)—the main purchaser of goods and services for the Federal government—and eight local Service-Disabled Veteran-Owned businesses to discuss an upcoming “indefinite delivery/indefinite quantity” construction contract.

At the event, the GSA Contracting Officers described what construction services they were looking for and noted their interest in learning more about the capabilities of Service-Disabled Veteran-Owned construction firms in fulfilling this type of contract, which is used when the precise dollar amount needed in services cannot be predetermined. The pre-screened companies presented their individual business, explaining how they could meet the needs of any GSA construction project. The GSA Contracting Officers had the opportunity to ask questions.

The purpose of the event was accomplished in that it allowed the Service-Disabled Veteran-Owned construction companies to learn more about upcoming government contracts available to them and the needs of the GSA as well as to explore partnership opportunities with other Service-Disabled Veteran-Owned firms. In turn, the GSA was able to meet Service-Disabled Veteran vendors to bring into their business pipeline. It was a win-win situation.

If you are a business owner who would like more information on how to work with the government, please contact LaGuardia PTAC at (718) 482-5306 or ptac@lagcc.cuny.edu.

Victoria Badalamenti

Director of The English Language Center

This past fall the time came for Victoria Badalamenti, Director of LaGuardia’s English Language Center for 23 years, to say goodbye to beloved co-workers, students and friends as she embarked on a new chapter: retirement.

Ms. Badalamenti worked in the field of English as a Second Language (ESL) for 43 years as an instructor (U.S., Europe, Mexico); teacher trainer (U.S., China, Chile—Fullbright scholarship, and the Czech Republic); textbook author (four editions of Grammar Dimensions: Form, Meaning and Use: Book 1); workshop presenter (most recently at Continuing Education Association of New York and Columbia University); and administrative director. With a BA in Classical Literature from Brooklyn College and a Masters Degree in Teaching English as a Second Language from the School for International Training in Brattleboro, VT, she started in the Division of Adult and Continuing Education in 1986 as TELC's program coordinator and was appointed director in 1991.

Her passion for traveling has taken her from Mumbai to Bali, London to St. Petersburg, and Australia and New Zealand, allowing her to always relate well to TELC’s very diverse student population. In her retirement, she hopes to spend more time doing the things she loves: cooking, tennis, bicycling and simply finding more “balance” in her life.

“I feel quite proud in helping make TELC the leading English language center that it is. There is no joy greater than seeing students leave our doors to go on to realize their dreams,” says Ms. Badalamenti. “The teachers, staff and administrators of TELC are a fantastic team, and I am honored to have worked with such an incredible group of dedicated individuals.”

Congratulations and good luck, Victoria!

The English Language Center will be in the very capable hands of John Een, Associate Director, and Elizabeth Iannotti, Assistant Director, until the position of Director has been officially filled.

Juana Almengo
Peter Jennings Scholarship Laurel Award Winner 2014

The Peter Jennings Scholarship Laurel Award is given annually to up to 10 students who have earned their high school equivalency certificate from a CUNY adult literacy/high school equivalency program and who plan to continue their education at a CUNY college. Students must be nominated by a teacher or staff member and provide a personal essay describing their journey to college. Winners each receive a $1,000 scholarship towards their CUNY college education.

Juana Almengo had a happy childhood. Growing up in the Dominican Republic with her nine brothers and sisters, she played in her backyard, helped out on the family farm, and enjoyed going to school. But by the time she was 23, she was ready for a change. Leaving her family and friends behind, she came to the US and started working as a babysitter in New York. She eventually got married and had three children of her own. It was through her involvement in her children's schooling that she began thinking about her own education and revisited her childhood dream of becoming a lawyer.

Starting at LaGuardia's Division of Adult and Continuing Education taking English as a Second Language classes, Juana quickly moved on to high school equivalency preparation. Working hard to improve her reading, writing and math skills, she eventually earned her high school equivalency diploma. This was a particularly challenging goal, considering that during her studies, her marriage failed and she became the sole supporter and caregiver of her family. However, she persevered.

"Every class discussion, every debate, every inquiry into a scientific concept was joined by Juana," says her teacher, Charles Perkins. "Her writing acquired more clarity and development, she spoke English with increasing confidence, and her classmates seemed to pay close attention whenever she made a point."

Upon receiving the high school equivalency diploma, Juana signed up for CUNY Start, an intensive academic program, and passed the CUNY placement exams. She is currently enrolled at LaGuardia and plans to study criminal justice. "I have always wanted to work in law because there is still so much injustice, and there are so many people who need help," Juana says.
Which LaGuardia High School Equivalency Program is Right for You?

LaGuardia Community College offers many programs to serve the needs of students who have not finished high school, including out-of-school youth, adults, Veterans, and the Deaf and Hearing Impaired.

**IMPORTANT NOTE:** As of January 1, 2014, New York State is offering a new high school equivalency test called the Test Assessing Secondary Completion (TASC), which has replaced the test formerly known as the G.E.D. exam. **If you have already passed some but not all of the G.E.D. tests, your scores may be counted until 2016.**

Maritza Pritsos, Director of Adult Basic Skills

Empowering adults with education

“‘A better educated adult is an investment that benefits the individual, his/her family, the economy and society overall,’” asserts Maritza Pritsos, the new Director of Adult Basic Skills at LaGuardia. In fact, assisting adults in moving forward through education is her passion.

With a Masters Degree in Counselor Education, 35 years of experience teaching and directing programs in adult literacy as well as workforce development and vocational training, and two awards including the Literacy Recognition Award (from Literacy Assistance Center in New York) and Excellence in Supervision Award (from BEGIN Managed Programs), Ms. Pritsos’ leadership in the field is clear.

One of the immediate challenges that her office has been working on diligently is preparing students for the new and very rigorous high school equivalency exam called the Test Assessing Secondary Completion (TASC). But helping them succeed is worth the effort, notes Ms. Pritsos. “It is such a wonderful feeling to see the big smile on our students’ faces when they walk into our office with a diploma in hand,” she says.

Sihame Bazi

LaGuardia gave her flexibility

When Sihame Bazi started out in fall 2011 in LaGuardia’s Bridge to Health program to prepare for the High School Equivalency exam, her plan was to earn her equivalency diploma, then enroll in college to become a nutritionist. The native Moroccan passed the exam on her second try, but when she realized how long a Dietetic Technician major would take her, she decided to switch to Business Administration. She is set to graduate this semester, and along the way she’s garnered a spot on the dean’s list and membership in Phi Theta Kappa, the international honor society for two year colleges. She is also a member of the Accelerated Study in Associate Programs (ASAP). While Sihame hopes to receive an undergraduate and graduate degree in accounting as well as a CPA license, her interest in the field of health remains. The wife and mother of a young child is also completing an internship at Queens Hospital Center to support volunteer services.

“I improved my reading skills while I was in the Bridge Program. I also benefited from their advice, moral support and help with admissions to LaGuardia,” says Sihame. "To succeed, I had to be patient, keep my goals in mind even when things were hard, and do my best."

Learn American Sign Language

Program for Deaf Adults’ continuing education programs are the largest and most comprehensive in the New York City area. Our courses, taught in ASL, are designed for students who wish to improve their academic, language and/or life enrichment skills.

For more information, including course descriptions, visit http://ace.laguardia.edu/pda. For the most current listing of all courses and schedules, visit http://www.lagcc.cuny.edu/ace. For questions or to schedule an appointment for an assessment or placement test, contact Pacts Cartagna at (917) 832-1202 Voice/VP or pcarlson@lagcc.cuny.edu.

Intensive Study in American Sign Language Program

The Division of Adult and Continuing Education's Intensive Study in American Sign Language (ASL) Program is a 6-course series focusing on communication with Deaf individuals. These courses are designed for those who wish to make rapid progress in developing ASL skills and expand their multicultural sign vocabulary but do not wish to earn academic credit.

Using the Master ASL Curriculum, you will develop vocabulary, conversational competence and grammatical knowledge through a total immersion approach that includes classroom conversation, visual language lab activities and online exercises. You will be expected to expand your interaction with the local Deaf community to enhance your linguistic skills and cultural knowledge.

Initial screening for an ASL class is required. If you have already started your sign language education, you are required to be pre-screened for appropriate level placement. To schedule an appointment contact Pacts Cartagna at pcarlson@lagcc.cuny.edu or (917) 832-1202. ND

If you wish to earn academic credit for these courses, you must be admitted to the college for the fall or spring semester and are not required to be screened. For more information about ASL classes for credit, contact the Education and Language Acquisition Department, Room B-234, at (718) 482-5640. This program is not designed to train students as interpreters for the Deaf. For more information on our ASL English Interpretation Program visit http://www.laguardia.edu/aeip.

Introduction to American Sign Language Workshop

Interested in learning American Sign Language? Find out how to become a fluent communicator or make a career from your ASL skills by attending our FREE introductory workshop. If you are registering for an ASL class in Program for Deaf Adults for the first time, it is strongly recommended that you attend this workshop, which introduces our teaching philosophy of ASL and Deaf Culture. You must register for this workshop; visit http://www.laguardia.edu/ace/registration.aspx.

"My work and role are centered on paying it forward to the next generation and community." – Yakov Shifrin

Yakov Shifrin
Deaf immigrant achieves success, with help from LaGuardia

When people immigrate to a country, very often they must learn a new language. When Yakov Shifrin came to the United States from the Ukraine with his family in the 1990s, he had to learn two. Being Deaf, Russian Sign Language was his primary language, along with the spoken Russian language. But he realized that in order to succeed in his adopted country, he would have to learn American Sign Language (ASL) as well as English.

Mr. Shifrin followed the successful lead of his twin sister, also Deaf, who was already living in the US and had attended LaGuardia’s Program for Deaf Adults (PDA) and subsequently earned her Associates Degree at the college. He points out that PDA was the only place in the New York tri-state area that offered to Deaf students the variety and intensive level of courses needed to learn the languages and earn a college degree. After completing ASL and English literacy classes, he went on to complete an Associates Degree in Accounting at LaGuardia, taking advantage of the many services provided to Deaf students, including interpreters. During this time he also worked in PDA as an Academic Peer Instructor for Deaf students in accounting and was a tutor in math and business.

Eventually receiving a BBA Degree in Accounting at Baruch College/CUNY, over the past 17 years Mr. Shifrin has advanced within PDA to the role of fiscal monitor and manager. For the last five years, he has also taught basic skills in ASL, English, math and computers to Deaf adults at New York City College of Technology and LaGuardia.

Noting that the LaGuardia provides opportunities for immigrants to start a new life—something he and his sister experienced firsthand—he asserts, “My work and role are centered on paying it forward to the next generation and community.”
