**John Jay Dual Enrollment**

Computer Science is a “dual enrollment” program. Once students complete their studies at LaGuardia, they will have the opportunity to transition to John Jay as third year students in pursuit of a bachelor’s degree. For more information on the dual enrollment Justice Academy program, see here.

**Pathways Requirements & Transfer**

**PATHWAYS REQUIRED CORE (RC)** Pathways is CUNY’s general education framework. For Required Core, students must take 2 English courses, 1 Mathematics and Quantitative Reasoning course, and 1 Life and Physical Sciences course. For more details, including a list of Life and Physical Sciences courses, visit the Pathways Required Core website.

**MATHEMATICS AND QUANTITATIVE REASONING**
Computer Science students must take MAT115/117 Algebra & Trigonometry, or highest math they place into.

**PATHWAYS FLEXIBLE CORE (FC)** allows students to choose courses based on interests, transfer or career plans, or for general exploration. Associate of Science students must take one course from each category listed below, plus an additional course from any category. View DegreeWorks or our Pathways website to see a full range of options, or talk with the program director or an advisor. **Note: your program has specific requirements listed below.**
