

**NEW YORK JOBS  
CEO COUNCIL**

## **Gain Cybersecurity Experience with Apprenticeship Opportunity from LaGuardia and Mastercard!**

*Learn in-demand cybersecurity skills and gain hands-on experience at Mastercard in a new apprenticeship opportunity for students in the Network Administration and Information Security AAS degree at LaGuardia.*

### **ABOUT**

Created in partnership with the NY Jobs CEO Council, LaGuardia's new apprenticeship opportunity within the AAS Degree in Network Administration and Information Security allows you to pursue a paid, credit-bearing apprenticeship at Mastercard while earning your degree. You will learn the skills to succeed in cybersecurity and gain workplace experience at a leading company!

### **ELIGIBILITY**

- 🌸 Enrolled full-time at LaGuardia
- 🌸 Pursuing AAS Degree in Network Administration and Information Security
- 🌸 Completed 30 credits with minimum 2.75 GPA by Fall 2022

### **HOW IT WORKS**

- 1)** After completing their first year at LAGCC, 20 students will be selected to complete a Summer 2022 cybersecurity bootcamp.
- 2)** 10 students from the bootcamp will be selected to earn 9 credits towards their AAS degree as part-time apprentices at Mastercard from Fall 2022 - May 2023.
- 3)** Based on apprenticeship performance and upon AAS degree completion, the selected students may join Mastercard as full-time apprentices in June 2023 and full-time employees in Fall 2023.
