August 2021

The office of Institutional Research & Assessment is pleased to present the 2020 Institutional Profile. We hope the information it contains will be useful to the college's faculty, staff, administrators, present and potential students, our alumni, our public representatives, and the wider local community. In order to accommodate such a broad range of interests, we have provided descriptions of many of the college's aspects. Beginning with *Five Years at a Glance*, the Profile outlines major trends and statistics. Nevertheless, the Profile's principal subject continues to be the detailed characteristics, enrollment patterns, and performance outcomes of LaGuardia students. Throughout the sections of tables and charts, five-year trends are shown wherever possible, along with brief analytical remarks.

This issue is also available online: <https://www.laguardia.edu/ir/> along with available institutional effectiveness information, research reports and further outcomes data. We welcome your comments, as well as suggestions about how future issues may serve your interests more meaningfully.

## Acknowledgments

Many people at LaGuardia have collaborated to produce this issue of the Institutional Profile. Emad Nassar coordinated the project and led the compilation and formatting of most of the data presented, with the assistance of Chunjuan (Jenny) Zhu, Veron Sundar, and Jeffrey Weintraub.

People from departments throughout the college contributed by providing data or text, submitting parts of their own reports, or helping us meet important deadlines. In particular, we wish to thank John Lagamjis and Kamala Ramsaroop for the information on Adult and Continuing Education; Steven Ovadia for data regarding the Library; Nancy Palma for figures concerning college revenues and expenditures; Gail Baksh-Jarrett and Pierre Jean for student financial aid information, Laura Bartovics for grants information; Cristina Natale for personnel data; and Ruben Mercier for reporting detailed facts on institutional space. We also wish to thank Cindy Busch and Edward Hollins from the Department of Marketing and Communications for the cover design. The contributions and cooperation of all are gratefully acknowledged.

## Age

Fall 2016 to Fall 2020

There is a wide range of ages in the credit-student population. Half of students were traditional college age in 2020 (age 17 to 22) while eight percent were younger than 17. Nevertheless, about one third of the students were older than 25 with seventeen percent over 30. The median age remains at 21, is unchanged since Fall 2013.

## Gender

Fall 2016 to Fall 2020

Similar to their peers nationally, the majority of credit students at LaGuardia are women. In Fall 2020 the proportion of women in the student body was sixty percent, lower than the high point in Fall 2005 when it was sixty-two percent. Nationally, fifty-seven percent of the students enrolled in 2-year colleges were female in 2019 (the most recent data available).

## Race and Ethnic Background

Fall 2005 to Fall 2020

One of the core values of LaGuardia Community College is diversity. The metric often used for diversity is the proportion of under-represented minorities (URM). URM are comprised of Hispanic, Black (Non-Hispanic) and Native American. While non-resident international students are not separated in the previous LaGuardia based charts, mandated federal reports to the National Center of Educational Statistics (NCES) exclude the race/ethnic information of non-resident students. Consequently, when NCES data are used for national comparisons, the race/ethnic information for LaGuardia is slightly different than reported in the previous charts. Accordingly, LaGuardia's URM in Fall 2019 was 61 percent of the student body while the URM for all 2-year public institutions in Fall 2019 according to NCES was 40 percent of the total student population. Additionally, 7% of LaGuardia students are international

## Financial Resources

2020-2021

Sixty-eight percent of annual degree students (10,849 out of 15,971) were awarded some form of grant scholarship financial aid in 2020-21, fifty-one percent of whom lived independently of their parents. Among full-time students, seventy-eight percent (8,711 out of 11,107) were awarded financial aid. Financial need is ascertained by subtracting a federally determined proportion of a student family's financial resources from the total cost of attendance. Five percent of students receiving aid took out Direct Loans. Half of the financially dependent student families, and sixty-two percent of the financially independent students who were awarded aid earned less than \$25,000.

Part-time students took an average of 7.1 equated (college-level and remedial credits) in Fall 2020 compared to 5.6 in Fall 2019, while full-time students took an average of 15.7 equated credits, similar to the average equated credit load of full-time students in Fall 2019.

The percent of fall first-time full-time degree-seeking students earning 30 or more college level credits in their first year steadily increased from 9.2 percent in Fall 2013 to 18.8 percent high in Fall 2017, and then dropped to 15.7 percent in Fall 2019 and 17.3 percent in Fall 2020. This is a university-wide key performance metric for the goal of reducing the time to degree.

Note: Here we use the Full Time Equivalent course load of 15 credits to calculate FTEs. This differs from the definition of a full-time student which is an attempted credit and/or equated credit load of 12 or more.

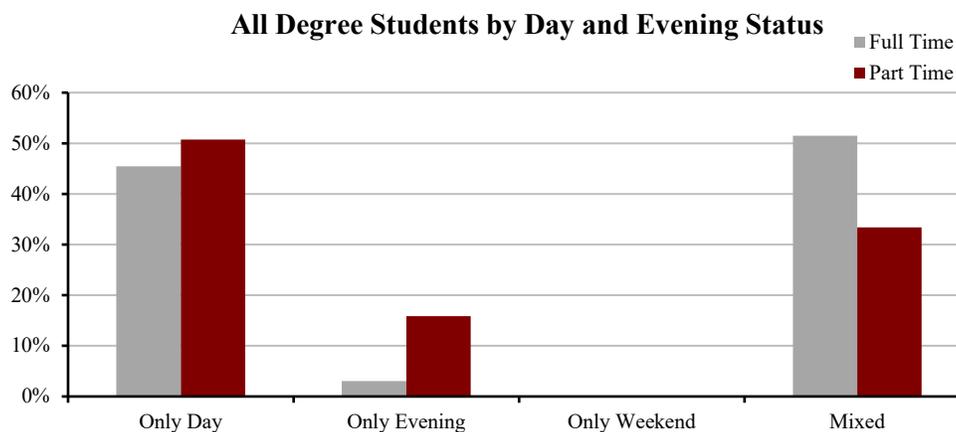

The FTEs of the previous years have been revised based on CUNY first enrollment records.

Attendance Pattern for Session 1 Only

Asynchronous On-Line Courses are not included

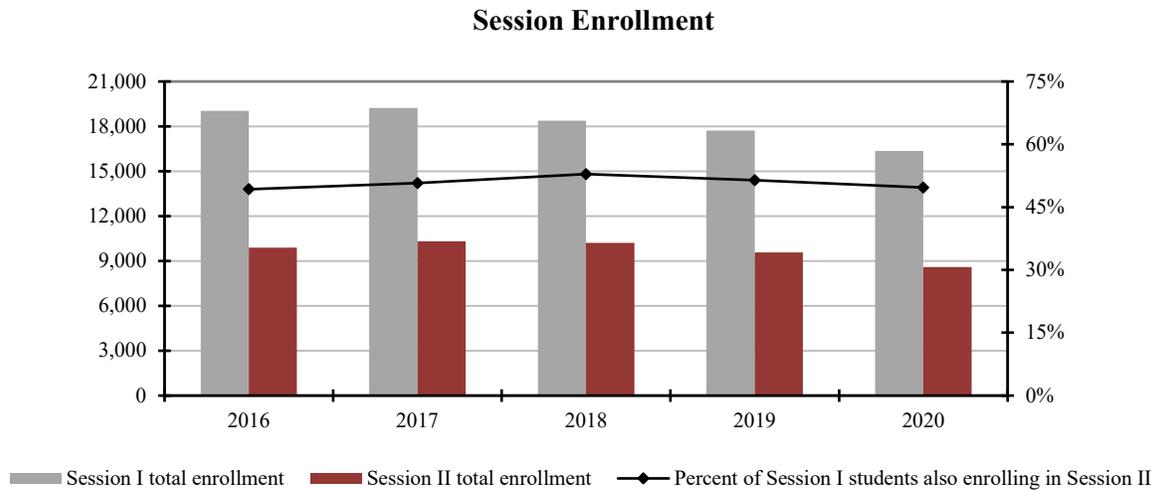

Data includes all Synchronous On-line courses, Hybrid and In-Person courses

Evening courses are those that begin after 5:45 PM on weekdays. If a student had no weekday courses beginning after 5:45 PM and no weekend courses, that student was counted in the “Only Day” course schedule group. Likewise, if a student had no courses that began before 5:45 PM and no weekend courses, that student was counted in the “Only Evening” course schedule group. Students with mixed schedules, that is, some day courses, some evening courses, and perhaps even a weekend course, were put in the “Mixed” schedule category.

LaGuardia offers classes on a two-semester basis, fall and spring, each year with each semester divided into two sessions, I and II. The four annual sessions run consecutively and do not overlap. Each Session I lasts twelve weeks, while each Session II lasts six weeks. Many students take a full semester load spread over Session I and Session II. The semester/session calendar allows students more flexibility in scheduling with four possible start dates. The possibility of spreading a semester's load over 18 weeks also allows students to schedule class and work time more efficiently. For Fall 2020, fifty percent of session I students also enrolled in Session II, down from a high of fifty-three percent in Fall 2018.

## New Students Admission and Enrollment

### Degree-Seeking Students

Fall 2016 to Fall 2020

Applicants who are admitted to LaGuardia pass through the City University admissions system. Applicants list their preferences for particular CUNY schools. CUNY allocates applicants to each college in multiple phases. Beginning in 2012 any student who indicated LaGuardia as one of six CUNY choices was counted as admitted. The proportion of admitted freshmen who enrolled at LaGuardia remained steady at about 14 percent. The proportion of admitted transfers who enrolled decreased from its 50 percent high in Fall 2018 to 42 percent in Fall 2019 and Fall 2020.

## High School Averages

First-Time Students, Fall 2016 to Fall 2020

Approximately seventy-six percent of the first-time students have high school grades recorded at entry. In Fall 2020, forty-six percent of the students had high school grades in the "average" (range of 70 to 79), while thirty-eight percent had "above-average" (range of 80 and above), up from thirty-four percent in past three years. Sixteen percent had "below-average" (less than 70) grades, the lowest in the past five years. The 2020 distribution is different from previous years as we see an increase in students in the 80 to 90 category and a decrease in students with low high school averages.

## Basic Skills Needs

First-Time Degree-Seeking Students, Fall 2016 to Fall 2020

In Fall 2020 the proportion of students required to take basic skills math fell to an all-time low of thirty-five percent. This is less than half of what the math remedial rate was just five years ago in 2016. Please note that until 2019 student placements were based on the accuplacer exams which were switched to the Proficiency Index in 2020.

## Degrees Awarded by Degree Type Five-Year Trend

The proportion of A.S. degrees conferred reached their highest level in 2018-19 (8 percentage point increase from 2015-16), but in 2019-20 it dropped from 54% to 53%. The increase is due in part to efforts to promote enrollment in Science, Technology, Engineering and Math majors (STEM). The proportion of A.A.S. degrees remained the same for the past three years, while the proportions of A.A. declined by 2 percentage point compared to 2016-17 and 2017-18.

## Time to Degree Five-Year Trend 2015-16 to 2019-20

The average LaGuardia 2019-20 graduate finished about seven calendar semesters after first enrolling. Graduates from the last five years averaged 7.5 calendar semesters, or a little over three and a half years, to obtain their degrees. However, for one and a half semesters of that time, students on average were not actively taking classes.

## GPAs of Graduates

Student records indicate that about fifty-nine percent of graduates between 2014 and 2020 earned an average GPA of 3.00 or higher while the other forty-one percent earned between 2.00 and 2.99.

## Baccalaureate Transfer Rate of Freshmen

**Percentage of Fall 2014 Freshmen Who Transferred to 4-year  
Institutions, Within Six Years**

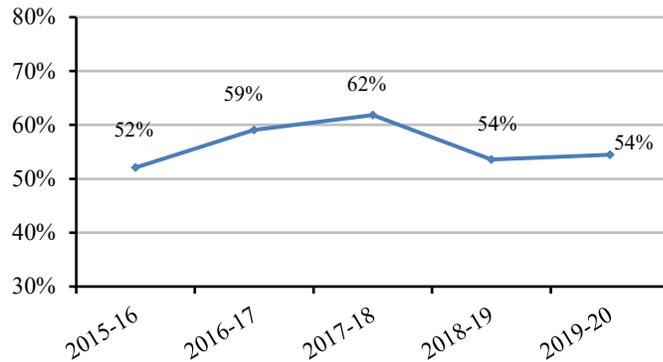

Thirty four percent of the Fall 2014 LaGuardia Freshmen transferred to a four-year institution within six years compared to 31 percent nationally (Fall 2013 is the most recent data available). Additionally, seventy-three percent of the Fall 2014 full-time LaGuardia freshmen who graduated transferred to four-year colleges within six years of entry.

## Five-Year Trend of One-Year Transfer Rates

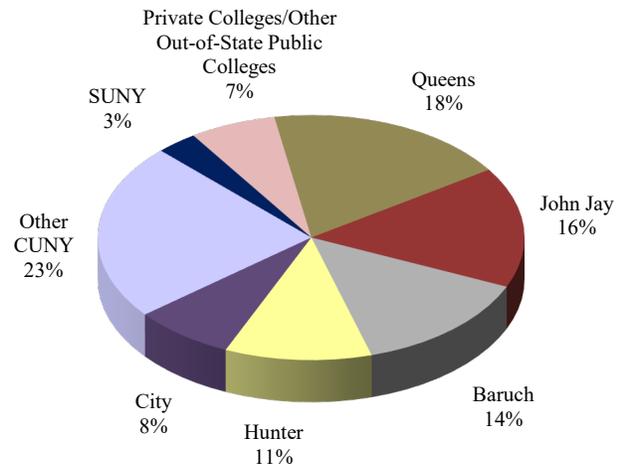

Source: LaGuardia Community College Data Warehouse; National Student Clearinghouse, 2015-16 through 2019-20 Graduates

One year after graduation, fifty-four percent of the 2019-2020 graduating class had transferred to four-year colleges, the same proportion as in 2018-19.

## Destinations of Graduates 2019-20 Graduates

Most graduates who continued their education remained within the City University of New York system (eighty-nine percent). Queens, John Jay, Baruch, Hunter and City colleges were the most popular choices, with near three-quarters of all transfers selecting those five sister institutions.

### Educational Preparation for Employment and Starting Salary

**Educational Preparation for Employment**

Nearly ninety percent of LaGuardia 2019-20 graduates reported that their educational experience prepared them adequately, well or very well for the jobs they held immediately after graduation.

**Salary Distribution of All 2019-20 Graduates Within One Year from Graduation**

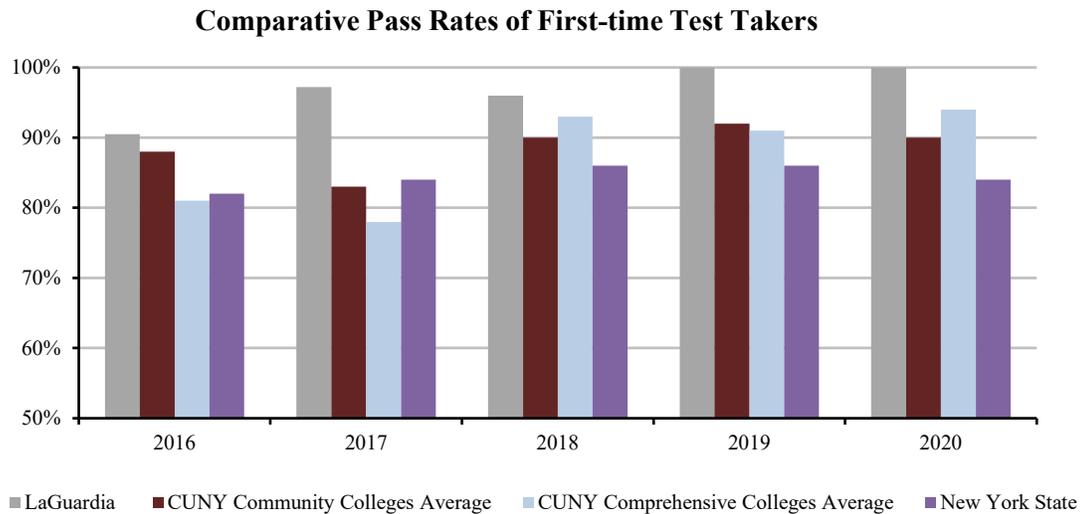

The median salary for 2019-20 alumni responding to the survey who had a full time job is less than \$40,000 while the median for those who had a part time job was less than \$15,000. About a third of all graduates (working full-time and part-time) are making more than \$40,000 within a year of graduation.

## ACE Enrollment by Borough Fall 2020

Adult and Continuing Education programs primarily serve residents of Queens. The percentage of Queens residents remain relatively unchanged since Fall 2018.

## by Gender Fall 2016 to Fall 2020

	2016	2017	2018	2019	2020
Male	65%	47%	42%	44%	42%
Female	35%	53%	58%	56%	58%

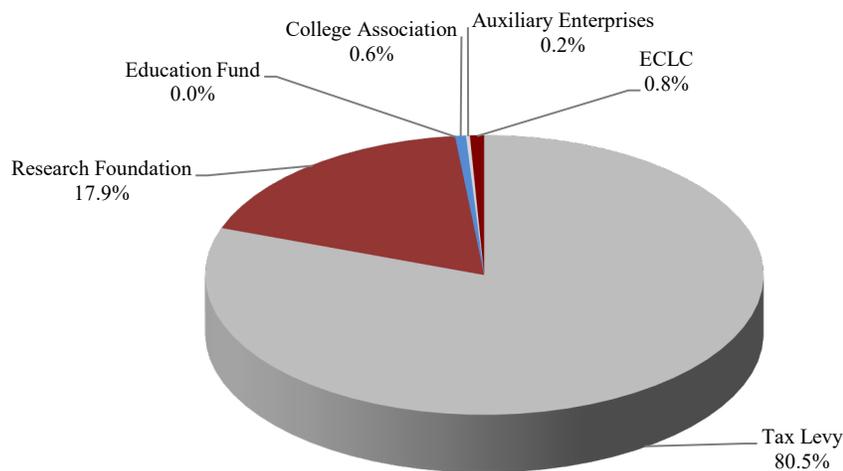

The shift toward more females-enrollment has maintained since 2017. The drop in the proportion of male students compared to the 2016 is because the mostly male Taxi Program was closed.
