

**Annual Assessment Report  
ECLC  
EXECUTIVE SUMMARY**

Unit name: Early Childhood Learning Center Programs Inc.

Assessment year: 2021-2022

**ECLC Mission**

The Nationally Accredited Early Childhood Learning Center Programs Inc. provides high quality early childhood education to a diverse population of student parents and their children. The program provides families with the skills to become educationally proficient, socially responsible and economically valuable by providing developmental practices in a multi-cultural environment.

**Assessment results by goal and objectives**

**Goal 1:** Student parents will enhance their parenting skills.

**Supporting Strategic plan goal:** Strengthen Learning for Students - and For Faculty, Staff and the College

**Objective/outcome 1.1**

- Measures – Effectiveness will be measured by the attendance in the parenting workshops.
- Overview of findings, recommendations and next steps - A total of 169 student/parents out of 188 (90% attendance rate) were served through this initiative. Target of 85% attendance rate was met and exceeded. Future plans include collaborating with college departments to provide a wider variety of workshops to the student parents.

**Goal 2** Student interns will gain hands on classroom knowledge and become familiar with the curriculum.

**Supporting Strategic plan goal:** Advance Career and Workforce Development

**Objective/outcome 2.1**

- Measures – Effectiveness will be measured by: 1. The number and percentage of student who completed the program with required hours, and 2. receive a satisfactory evaluation of learning plans using existing rubrics
- Overview of findings, recommendations and next steps - 100% of student interns and summer youth participant have successfully completed required amount of hours and 100% of student interns and received a satisfactory evaluation. Next steps – Increase student intern and summer youth participation.

**Objective/outcome 2.2**

- Measures – Effectiveness will be measured by the number and percentage of students who have completed the program virtually with required hours and receive a satisfactory evaluation.
- Overview of findings, recommendations and next steps – All 13 participants completed the amount of required hours. Additionally, the goals were met, 100% of student interns and summer youth participants received a satisfactory evaluation. Next steps – The program will collaborate with other departments such as the business and Nursing department for future internship opportunities.

### **Overall summary**

The Early Childhood Learning Center Programs, Inc. was successful in achieving goal # 1 - Supporting Strategic Plan Goal of Strengthening Learning for Students as student parents enhanced their parenting skills. The program surpass their target rate of 85% attendance rate to a 90% attendance rate. Also, the attendance rate increased by 5% from the previous year.

The program was also successful in achieving goal # 2 – Advance Career and Workforce Development as the student interns gained hands on early childhood classroom knowledge and became familiar with the curriculum. As a result of successfully receiving a satisfactory evaluation eleven-student interns graduated.

Future plans include collaboration with other LaGuardia departments. Collaboration with other departments will ensure that the number of student participants increases thus helping students advance career and workforce development.
