August 2025

The Office of Institutional Research & Effectiveness is pleased to present the 2025 Institutional Profile. We hope the information in this report will be useful to our faculty, staff, administrators, current and prospective students, alumni, public representatives, and the wider local community. To accommodate such a broad range of interests, we have described several aspects of the college in this report. Beginning with *Five Years at a Glance*, the Profile outlines major trends and statistics. Nevertheless, the Profile's principal subject continues to be the detailed characteristics, enrollment patterns, and performance outcomes of LaGuardia students. Five-year trends are shown wherever possible, along with brief analytical remarks accompanying tables and charts throughout.

This issue is also available online: www.laguardia.edu/ir/ along with additional information on institutional effectiveness, research reports and further outcomes data. We welcome your comments, as well as suggestions about how future issues may serve your interests more meaningfully.

Gender
Fall 2020 to Fall 2024
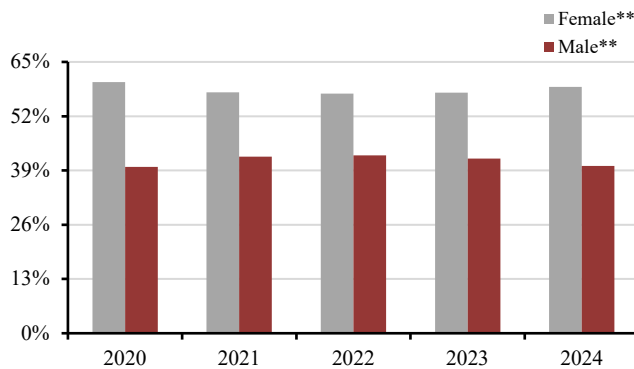

Like their peers on a national level, the majority of credit students at LaGuardia are women. In Fall 2024, the proportion of women in the student body was 59%, lower than the high point in Fall 2020 when it was 60%. Nationally, 58% of the students enrolled in two-year public colleges were female in 2022 (the most recent data available).

Race and Ethnic Background
Fall 2015 to Fall 2024
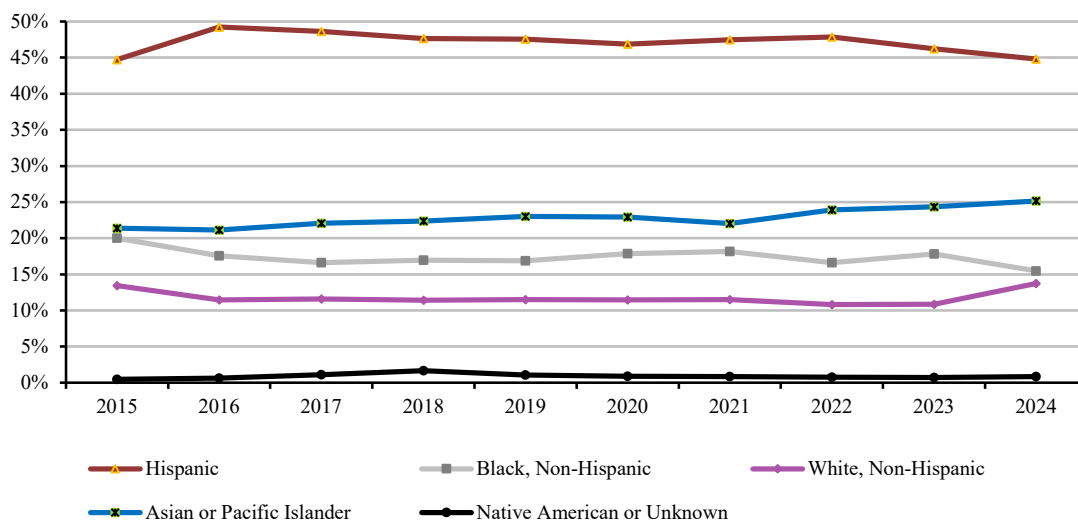

One of the core values of LaGuardia Community College is diversity. The metric often used for diversity is the proportion of under-represented minorities (URM). URM are comprised of Hispanic, Black (Non-Hispanic) and Native American. While non-resident international students are not separated in the previous LaGuardia based charts, mandated federal reports to the National Center of Educational Statistics (NCES) exclude the race/ethnic information of non-resident students. Consequently, when NCES data are used for national comparisons, the race/ethnic information for LaGuardia is slightly different what has been reported in the previous charts. Accordingly, URM made up 61% of the LaGuardia student body in Fall 2022 (the most recent data available nationally), compared to 40% of the total student population of all two-year public institutions, according to NCES. Additionally, 7% of LaGuardia students are international compared to 1% nationally.

Financial Resources
2024-2025

Sixty-seven percent of annual degree students (9,626 out of 14,394) were awarded some form of grant, scholarship or financial aid in 2024-25. Forty-three percent of students who filled FAFSA lived independently of their parents. Seventy-five percent of all full-time students (6,979 out of 9,293) were awarded financial aid. Financial need is ascertained by subtracting a federally determined proportion of a student family's financial resources from the total cost of attendance. Five percent of students receiving aid took out Direct Loans. Fifty-nine percent of the financially dependent student families, and 76% of the financially independent students who were awarded aid earned less than $35,000.

Part-time students took an average of 7.1 equated (college-level and remedial) credits in Fall 2024 compared to 7.2 in Fall 2023, while full-time students took an average of 15.3 equated credits, compared to the average 15.4 equated credit load of full-time students in Fall 2023.

From Fall 2023 to Spring 2024, 154 (7.7%) of First-Time Full-Time students out of 1,984 students earned 30 or more credits.

Note: We use the Full-Time Equivalent course load of 15 credits to calculate FTEs. This differs from the definition of a full-time student which is an attempted credit and/or equated credit load of 12 or more. The FTEs of the previous years have been revised based on CUNYfirst enrollment records.

Evening courses are those that begin after 5:45 p.m. on weekdays. If a student had no weekday courses beginning after 5:45 p.m. and no weekend courses, that student was counted in the "Only Day" course schedule group. Likewise, if a student had no courses that began before 5:45 p.m. and no weekend courses, that student was counted in the "Only Evening" course schedule group. Students with mixed schedules, that is, some day courses, some evening courses, and perhaps even a weekend course, were put in the "Mixed" schedule category.

      LaGuardia operates on a two semester schedule, with the Fall and Spring semesters divided into two sessions, I and II. These four annual sessions run consecutively and do not overlap. Each Session I lasts twelve weeks, while each Session II lasts six weeks. Many students take a full course load each semester, with classes in both sessions. The semester/session calendar allows students more flexibility in scheduling with four possible start dates. The possibility of spreading a semester's load over 18 weeks also allows students to schedule class and work time more efficiently. For Fall 2024, 52% of session I students also enrolled in Session II, up one percentage point from Fall 2023.

New Student Admission and Enrollment
Degree-Seeking Students
Fall 2020 to Fall 2024

Applicants who are admitted to LaGuardia pass through the CUNY admissions system. Applicants list their preferences for particular CUNY schools. CUNY allocates applicants to each college in multiple phases. Beginning in 2012 any student who indicated LaGuardia as one of six CUNY choices was counted as admitted. The proportion of admitted freshmen who enrolled at LaGuardia stayed at 12% in Fall 2024 from a 14% high in Fall 2020 and Fall 2021. The proportion of admitted transfers who enrolled is at its lowest point in the past five years.

The proportion of new students with high school diplomas as a share of total new credit students has steadily declined since its high in Fall 2020. The proportion of transfer students has increased over the past 4 years. The proportion of TASC students has remained steady since Fall 2022, having fallen one percentage point since Fall 2020 and Fall 2021.

High School Averages
First-Time Students, Fall 2020 to Fall 2024
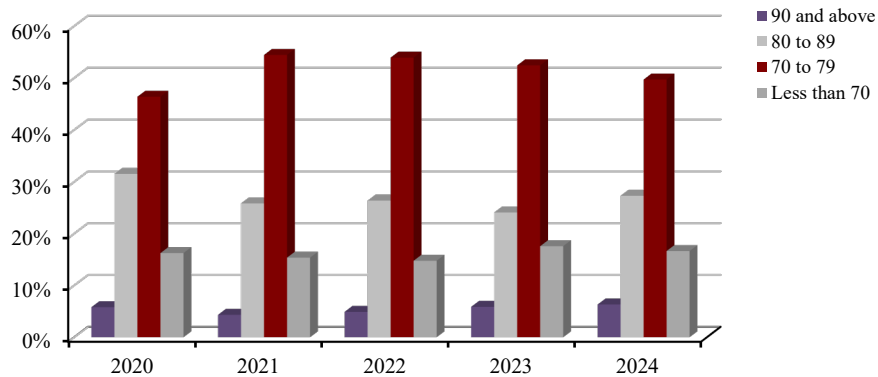

Approximately 79% of the first-time students have high school grades recorded at entry. The average high school GPA of these students is around 77. In 2024, the proportion of students in the average GPA range (70 to 80) increased by four percentage points from Fall 2020. While the above average GPA group (80 and above) was on the decline from Fall 2021 to 2023, this group increased by three percentage points in Fall 2024 from the Fall 2023 group. The amount of students with a below average GPA (70 or below) is down one percentage point from Fall 2023, but remains two points higher than 2021 and 2022.

Degrees Awarded
By Race and Ethnic Origin
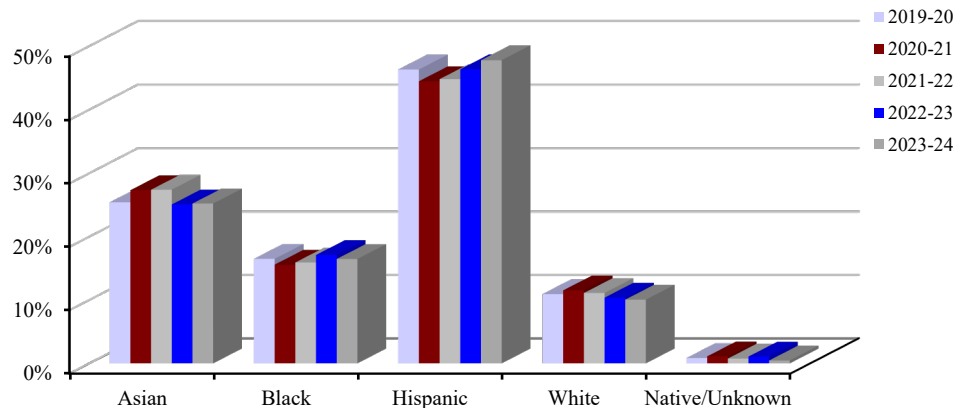

The racial / ethnic composition of the graduating class at LaGuardia was similar to that of the student body as a whole. However, there are slightly higher proportions of Hispanic students enrolled in Fall 2024 compared to the proportions of Fall 2023, and a lower proportion of Hispanic and Black students enrolled in Fall 2024 compared to the proportion of graduates (about 3% difference). There is a higher proportion of white students enrolled compared to proportion of graduates (about 4%).

Many graduates in the past five years took basic skills or English-as-a-Second-Language (ESL) courses when they first began their studies at LaGuardia. Among the 2023-24 graduating class, 39% began in basic skills or ESL courses, a ten percentage point drop compared to the 2019-20 graduates. Note that in Spring 2020 a Proficiency Index was introduced instead of placement exams.

The percentage of students without any remedial needs has increased by 10% since 2019-20.

Time to Degree
Five-Year Trend
2019-20 to 2023-24
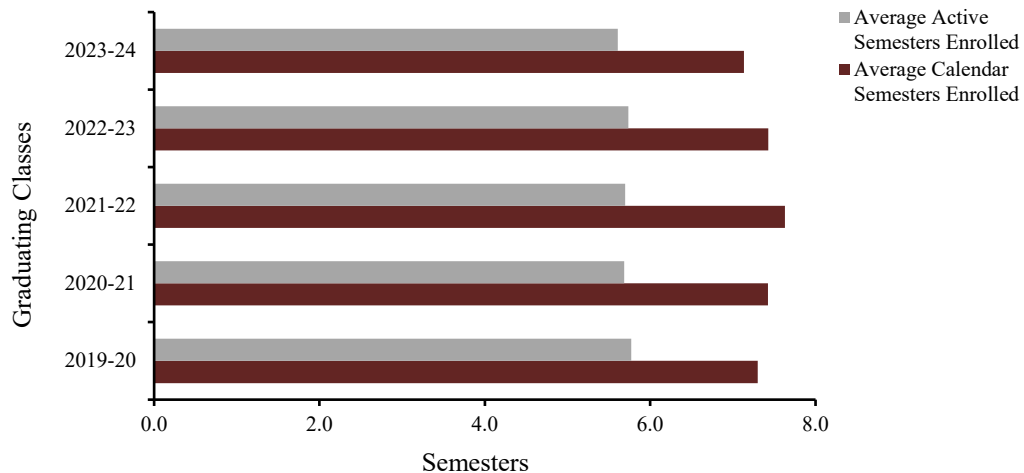

The average LaGuardia 2023-24 graduate finished about seven calendar semesters after first enrolling. Graduates from the last five years averaged 7.4 calendar semesters, or a little over three and a half years, to obtain their degrees. However, for about one and a half semesters of that time, students on average were not actively taking classes.

GPAs of Graduates

**Average GPA Ranges of Graduates
2019-20 through 2023-24**

Legend: ■ 3.50 to 4.00 ■ 3.00 to 3.49 ■ 2.00 to 2.99

- 2023-2024: 32%, 35%, 33%
- 2022-2023: 33%, 33%, 34%
- 2021-2022: 36%, 32%, 32%
- 2020-2021: 36%, 34%, 31%
- 2019-2020: 26%, 34%, 40%

About a quarter of graduates in 2019-20 earned an average GPA of 3.5 or higher while about 40% earned an average GPA of less than 3.0. However, the proportions of graduates with at least a 3.5 average GPA in the more recent graduating cohorts improved considerably, with 36% for the 2020-21 and 2021-22 graduates, and stayed higher than 30% for the 2022-23 and 2023-24 graduates, while the proportions of graduates with an average GPA of less than 3.0 has declined. This is probably because of the CR/NC grading policy during the COVID-19 pandemic.

Baccalaureate Transfer Rate of Freshmen

**Percentage of Fall 2018 Freshmen Who Transferred to 4-year
Institutions, Within Six Years**

- LaGuardia: 35.3%
