Mariana Cardenas

Taking advantage of all LaGuardia has to offer

Mariana Cardenas arrived from Peru two years ago ready to pursue her dreams of a college education. Though gathering information to begin the application process while acquiring a new language proved challenging, Mariana found the help she needed at LaGuardia. She threw herself into her studies, earning a GED diploma through the Adult Basic Skills program, and completing the CUNY Language Immersion Program in order to learn English. The Career Development Center assisted her in applying to the college and obtaining a LaGuardia Foundation scholarship as well.

Mariana is currently a Business Administration major and is participating in the Friedman Fellowship, which provides students with in service-learning opportunities and other resources on campus. But she's not stopping there. Once she graduates from LaGuardia, she plans to continue her undergraduate studies at Baruch College.

“Thanks to these experiences and guidance from the Career Development Center, I am able to share that it is possible to achieve your goals, with a lot of effort and resilience.”

Artificial Intelligence (AI) Certification Program

In partnership with the Intel® Digital Readiness Program and utilizing Intel's innovative AI for Workforce curriculum, this series of classes empowers the current and future workforce with AI skills focused on AI employability in the digital economy.

Begin a career in the cutting-edge field of Artificial Intelligence. The Artificial Intelligence (AI) Certification Program offers a progressive learning path, starting with two foundational courses (AI Foundations I and II) that provide essential knowledge and skills in AI concepts as well as Python programming for machine learning. These courses are mandatory and must be taken in sequence. Intermediate courses (ML Infrastructure and Engineering, Computer Vision, Natural Language Processing & Generative AI, or AI for Problem-Solving) combine theoretical knowledge, practical application, and independent research packages to ensure you develop a comprehensive understanding of AI's technical and ethical dimensions. Two of the four intermediate level courses are required to complete the certification. These courses can be taken in any order and allow you to customize your learning journey according to your interests and career goals. Final projects in each course challenge you to synthesize your acquired knowledge and showcase your proficiency in real-world applications.

Upon successful completion of the program, you will receive LaGuardia Certification in Artificial Intelligence, indicating your expertise in various AI disciplines and readiness to engage with AI challenges in professional settings. Certificate program courses not offered this quarter will be offered in a future quarter. ND

HninYi Hlaing

On her way to an accounting career

HninYi Hlaing is doing everything in her power to become a professional accountant. Emigrating from Myanmar in 2022, she spent time learning English before enrolling in LaGuardia's Accounting with QuickBooks Certificate Program. Understanding account-

ing principles and U.S. tax laws while still working on her English skills was not easy. Despite that, she earned As in both the Accounting with QuickBooks and Payroll with QuickBooks courses.

HninYi is now applying what she learned in the program in her current bookkeeping position at a clothing retail company, with the ultimate goal of becoming a licensed tax accountant. "My experience at LaGuardia was excellent because of the support from my classmates and effective instruction provided by the instructors," says HninYi.

Tax Preparer Certificate Program

Earn extra money by becoming a registered tax preparer or learn to prepare taxes for personal use. Upon completion of this course, you will be able to complete basic individual NY State and federal forms. This program is designed for students new to tax preparation.

Tax Return Preparer

Explore the role and responsibilities of a professional tax preparer. Learn how to prepare basic individual forms, including tax credits, deductions, and tax consequences. You will become familiar with the 1040 series, NYS IT 201, and wage income forms. Upon completion of this course you should be able to complete individual taxes for yourself or someone else and will earn a LaGuardia certificate of completion. No software required. Certified Clinical Medical Assistant (CCMA)

The CCMA is an essential member of the medical care team who assists the physician with procedures such as taking vital signs, preparing patients for medical procedures, and performing phlebotomy (blood drawing) and electrocardiography (EKG). To take the national certification exam for Clinical Medical Assistant, you must successfully pass all five courses in this program: Medical Terminology*, American Heart Association CPR for Healthcare Providers with First Aid*, EKG Technician*, Phlebotomy*, and CCMA Procedures. You may take the courses in any order, or you may take them individually, except CCMA Procedures. To register for CCMA Procedures, you must first successfully complete either EKG Technician or Phlebotomy.

LaGuardia's CCMA Program currently has a 98% pass rate for students taking the National Healthcareer Association (NHA) CCMA certification exam. Attendance at an orientation session and passing an online reading exam are required before registration for EKG Technician and Phlebotomy and are recommended before beginning the 5-course CCMA series. A high school diploma or equivalency is a prerequisite for NHA certifications and often a requirement for jobs in the field. CCMA program courses not offered this quarter will be offered in a future quarter. To apply, please visit www.laguardia.edu/ccma. Full and partial tuition scholarships are available for eligible students, and a separate application process is required. Contact CCMA@lagcc.cuny.edu for more information. ND

*Successful completion of these courses in addition to the PCT Procedures course also allows you to sit for the separate National Healthcareer Association (NHA) Patient Care Technician (PCT) certification exam (see PCT Procedures course description).

Patient Care Technician

Do you want to work directly with patients in a medical facility setting? Get the proper training and certifications to become a Patient Care Technician (PCT). PCTs take vital signs; perform phlebotomy (blood drawing) and electrocardiography (EKG); give basic patient care; and monitor and communicate patient status to the physician or nursing staff, among other responsibilities.

To take the national certification exam for Patient Care Technician, you must successfully pass all five courses in this program: Medical Terminology*, American Heart Association CPR for Healthcare Providers with First Aid*, EKG Technician*, Phlebotomy*, and PCT Procedures. Attendance at an orientation session and passing of an online reading exam are required before enrolling in this program. A high school diploma or equivalency is a prerequisite for NHA certifications and often a requirement for jobs in the field. PCT program courses not offered this quarter will be offered in a future quarter. ND

New York City is one of the most diverse cities in the United States, and the demand for internationally trained healthcare professionals who are culturally and linguistically diverse and competent is high.

The New York City Welcome Back Center, located within the **Center for Immigrant Education and Training** at LaGuardia Community College, helps internationally trained nurses explore alternative careers in healthcare while guiding them on the path towards licensure in their original career. We also provide referrals to appropriate English language programs, licensing test preparation courses and job placement services, and offer professional advisement counseling free of charge.

We serve the following:

- Registered Nurses
- Licensed Practical Nurses
- Vocational Nurses

Internationally trained nurses can apply to our National Council Licensure Examination for Registered Nurses (NCLEX-RN) Preparation Course for English Language Learners; visit laguardia.edu/nycwbc.

Emergency Healthcare Programs

Lives often depend on the prompt response and expert care of emergency medical technicians (EMTs) and paramedics. Accidents, heart attacks, childbirth and trauma all require immediate medical intervention. Throughout New York City, 24/7, EMTs and paramedics respond to emergencies, treating and then transporting the sick or injured.

Emergency Medical Technician (EMT) Basic

Prepare yourself with the knowledge and skills needed to render patient care on an emergency ambulance. When you successfully complete the course, you will take your NYS Department of Health Certification Exam for EMT-Basic. This course is necessary to advance to the one-year program of paramedic education. Fees include textbook and uniform (polo shirt). To apply, register for Orientation and Prescreening: Emergency Medical Technician (EMT) Basic, which includes a pretest and interview. For more information contact emtprogram@lagcc.cuny.edu. Sunny Yang

Discovering more than one career path at LaGuardia

While studying at LaGuardia as a Computer Science major, Sunny Yang learned of Continuing Education's Emergency Medical Technician (EMT) Program and applied, never wanting to feel helpless in a medical emergency situation. After completing the training, however, he discovered a new passion. "Though I loved programming, it lacked the human

connection I felt with my patients," says Sunny, who subsequently enrolled in Continuing Education's Paramedic Program.

Through the college, this past summer Sunny participated in an internship with the Air Force Research Laboratory. Because of his EMS background, he was assigned to a project that involved designing a computer program to support field medical triage. Sunny specifically helped develop an app that determines a patient's risk of death based on their vitals to assist battlefield medics in mass casualty incidents, among other uses.

Noting that the prototype was successful and the team's funding was extended, Sunny pointed out that he was able combine his two areas of study to help inform research and advance an important initiative with real-life applications. Having completed his Associate Degree in Computer Science at LaGuardia, he is now planning to earn a Bachelor Degree in Bioengineering and then continue on to medical school.

Anastazija Bezjak

Achieving success with help from LaGuardia

Anastazija Bezjak came to New York from Croatia in 2024 looking to continue her education and expand her career opportunities in the healthcare field. She immediately enrolled in LaGuardia's Certified Medical Administrative Assistant (CMAA) program.

Though Anastazija already held a bachelor degree in nursing from her home country, she needed to understand how the American healthcare system worked and to become familiar with medical terminology in English. Anastazija applied for and received a LaGuardia Foundation ACE Scholarship, which provides partial tuition assistance to Continuing Education students. "The ACE Scholarship allowed me to focus fully on learning without worrying about tuition costs," says Anastazija.

Employing the skills she learned in the CMAA program, Anastazija is currently working as a Patient Coordinator in a chiropractic office, where she assists patients, answers their questions, and helps with treatments. "I gained practical skills, clinical exposure, and confidence working with patients in a professional healthcare setting," she says of the program. Anastazija hopes to eventually work as a nurse in the U.S.

Support for Immigrant and Undocumented Students

The City University of New York was founded on the principle of equal access and opportunity. LaGuardia's longstanding commitment to welcoming, protecting and supporting our students, regardless of immigration status, has not wavered since our founding.

We remain committed to diversity, equity and inclusion and will steadfastly continue to offer a welcoming environment for students of all backgrounds. LaGuardia Community College will take any steps available under the law to protect and support our undocumented students.

Should you or a family member have concerns about your immigration status or safety, we urge you to avail yourselves of the resources and services listed below. For more information visit www.laguardia.edu/know-your-rights.

LEGAL RESOURCES

Green Card Holders

CUNY Citizenship Now! provides free, high quality, and confidential immigration law services to help individuals and families on their path to U.S. citizenship. Our attorneys and paralegals offer one-on-one consultations to assess participants' eligibility for legal benefits and assist them in applying when qualified.

Undocumented

The **Mayor's Office of Immigrant Affairs** offers Know Your Rights booklets in more than 10 languages, including Spanish and Bengali. This page also includes guidance about what to do after a friend or family member is detained by ICE/Immigration.

Visit the **Immigrant Legal Resource Center** to obtain detailed information about creating a **Family Preparedness Plan**.

CUNY's **Office of Undocumented and Immigrant Student Programs** includes guidance and resources that can help students stay safe and focused on their educational journey, no matter what their citizenship status is. [This page](#) in particular has a safety plan video in both English and Spanish.

We Have Rights empowers individuals with essential knowledge about their legal rights in the United States, offering Know Your Rights guides, videos, and materials in multiple languages to help users navigate interactions with law enforcement, ICE, and other officials during home raids, street stops, or workplace encounters.

Immigrant Defense Project (IDP) is a valuable resource for immigrants, providing guidance on their rights during ICE raids or immigration enforcement actions. It covers essential rights like remaining silent, refusing entry without a warrant, and recording interactions with immigration officers.

The LaGuardia Community College Foundation offers various **financial assistance and student support programs**, including the Friedman Fund, for eligible students of any citizenship status to help you achieve your goals.

Student Conduct Code

Academic dishonesty and disciplinary misconduct is prohibited in the City University of New York and is punishable by penalties ranging from a grade of "F" on a given test, research paper or assignment, to an "F" in the course, or suspension or expulsion from the College. Academic dishonesty includes cheating, plagiarism, Internet plagiarism, obtaining unfair advantage, falsification of records and official documents, and misconduct on internships.

Because academic dishonesty violates everyone who depends on the integrity of the College, its degrees, certificates and courses, the College has the responsibility of making every effort to maintain the highest standard of academic integrity and conduct. All Adult and Continuing Education (ACE) students are bound by the same academic integrity and disciplinary rules of conduct explained in the [LaGuardia Community College Student Handbook](#).

Grievances and decisions are handled by ACE's Vice President and Deans.
